HEART OF WINE 1

Training session of wine tasting and oenology

During this friendly moment, you will both discover the world of wine and the art of tasting. I will teach you the bases of the vine growing and oenology, followed by the techniques of tasting.

Introduction to the vineyard geography /the typicity of the soils /the different AOC wines from Chablis or Yonne.

From grape to wine / the evolution of the wine in the bottle.

The tasting / the different aromas and flavours / the visual, olfactory and gustative examination / words of wine / how to choose and analyze the wines before buying.
