

AU COEUR DU VIN

Full day in the Chablis and Auxerrois vineyard

FULL DAY IN THE CHABLIS AND AUXERROIS VINEYARD IN 2CV

Morning

Driving you in the vineyard with my old fashion 2CV, we'll start by a landscape study. The best way to understand the notion of the french viticulture: the Terroir.

For this, we'll go in different plots for an explanation of the word of CLIMAT, specific to Bourgogne.

Walking through the vineyards, you will learn about the vine seasons and work.

According to the season, you will discover the pruning, the topping and trimming or the harvest, closest to the men of wine.

Back to the village of Chablis, we will visit a cellar and meet a wine grower. She/he will explain the work, and the different steps of the wine making.

We will finish with the tasting of the wines, and discover aromas and flavours, and the words used for this.

Optional lunch in a Chablis or Auxerrois restaurant

Afternoon

The second part will be a focus on the Auxerrois vineyards. For this, in my 2CV, we'll go through the village of Courgis, Saint Bris, stop on one of the most beautiful point of view on the Yonne Valley uper the village of Irancy.

The Auxerrois vineyard is rich of different grape varities and appellations, and we'll discover this during the visit of a domain and its old cellars from the 12th century! Of course, this day finish with a great wine tasting of many Auxerrois appellations.

cost/pers (1 to 6 pers) : 150 € (transport in 2CV included)

group +6 persons : price on request

with documentation about the vineyards and pictures(s) of your day
